## SHIRAZ 2022

### REGION

Wrattenbully (single vineyard).

### COLOUR

At release, a deep purple with red hues on the edge.

### NOSE

Plum, chocolate, black cherry, baking spices.

### PALATE

This is a medium bodied wine with luscious plum and black cherry flavours along with hints of spice and chocolate and bold yet plush tannin line.

### OVERALL WINEMAKING COMMENT

What jumps out immediately when tasting both wines is their single vineyard purity. Other wines we make have layers of flavour and texture through our blending practices. These two wines are quite linear in structure as they are pure single vineyard wines. As such they are quite impressive.

### OAK MATURATION

Small batch fermented in a stainless steel static fermenter – select shiraz yeast strain chosen to accentuate varietal characteristics. Cooler ferment to accentuate fruit.

### TECHNICAL DETAILS

Alcohol	15.0%	Acid	6.47 g/litre
PH	3.56	Residual Sugar	0.7 g/litre
